**For the year ended 31st December 2014**

**“All GP practices are required to declare the mean (average pay) earnings for GPs working to deliver services to patients at each practice.**

**The average pay for GPs working for six months or more in Whitchurch Surgery in the last financial year was £35204 before Tax and National insurance. This is for 2 full time and 2 part time GPs.”**

**Statement produced by Williamson West Chartered Accountants  
February 2016**

The mean GP Net Earnings calculation includes:

- Income from NHS England, CCG's and local authorities for the provision of GP services that relate to the contract or which have been nationally determined.
- Earnings are pre-tax, National Insurance and employee contributions.
- GP Partner earnings are stated net of related practice expenses.
